MEMORANDUM FOR: [REDACTED]

25X1A

SUBJECT : Request from State Concerning Declassification
of Radios' Documents

1. In line with our conversation earlier today, the attachment is a memorandum from John A. Baker of State concerning a request from a [REDACTED] for various classified documents involving the Radios. Please do the necessary and we will be glad to assist in any way.

2. As you may know, there is no absolute requirement under the Executive Order that an agency or department even review for declassification a document or information which is less than ten years old. However, there is no prohibition against review and the State people obviously have requested our advice. The definitions of classified information are at [REDACTED] Part II. A. When reviewing a document for declassification, classification may be continued upon a determination that the information falls within any of the exemptions specified in Section 5 B. of Executive Order 11652. These exemptions are incorporated in [REDACTED] at Part III, Section A., paragraph 2(a).
